[Ernesto Ascencio | LinkedIn](#)

Computer Science and Information Technology Engineering student at Universidad del Valle de Guatemala, with hands-on experience in Full Stack development and participation in both individual and collaborative projects, strengthening my ability to work effectively within a team. I am characterized by an analytical mindset, focused on problem-solving and continuous process improvement, applying solid Clean Code and Clean Architecture principles to deliver robust solutions.

KNOWLEDGE | COMPETENCIES SPECIALIZED [HARD Y SOFT SKILLS]

- Data Structures and Algorithms
- Version Control
- Cloud Computing
- Testing y Debugging
- Development Methodologies
- Attention to Detail
- Problem Solving
- Communication and Teamwork
- Curiosity and Continuous Learning

PROFESSIONAL EXPERIENCE

PublicNote

March 2024 — June 2025

Legal technology company focused on optimizing legal processes across Latin America.

Full-Stack Engineer

- Migrated and built the full frontend using technologies such as Vue.js and its required libraries.
- Proposed innovative solutions for notarial management by integrating OCR and Artificial Intelligence.
- Implemented multi-tenant architecture using backend (Laravel and PHP), databases (MySQL), and frontend connections (Vue.js).
- Delivered solid backend solutions prioritizing scalability and maintainability.

SchoolAid

July 2025 — Present

Company dedicated to building stronger communities through innovation in everyday processes between schools and families.

Full-Stack Engineer

- Supported the development of a web platform enabling teachers and administrative staff to manage student records in a modular way.
- Developed scalable systems by creating modular libraries for the online platform.
- Collaborated as a team to deliver effective and solid solutions using agile methodologies.
- Implemented a solid and functional reporting system using Laravel's ORM and its integration with the frontend (Vue.js).

EDUCATION

Colegio Cristiano Liceo Frater, Guatemala
2022

January 2009 — October

High School Diploma

Universidad del Valle de Guatemala
2027

January 2023 — November

Bachelor of Science in Engineering

Distinctions:

- GPA 3.6
- TOEFL IBT

Technical Skills:

Languages:

- PHP, Python, JavaScript, Typescript, C#, C++

Frontend:

- Vue.js, React, Tailwind, Shadcn

Backend:

- Laravel, .Net, FastAPI, Eloquent

Databases:

- AWS, Azure, Cloudfront

Cloud and Hosting:

- Postgres, MySql

Servers / DevOps / Infrastructure:

- Nginx, Docker, Github Actions, Git

Additional Tools:

- Postman, Jira, Trello, Notion

Languages: Spanish (native), English (advanced)

Awards: Distinguished student during the first, second, and third year of university

Scholarships: Recipient of a 20% scholarship awarded by Universidad del Valle de Guatemala for academic excellence.

ADDITIONAL INFORMATION

Personal Interests: In my free time I enjoy practicing sports such as tennis and soccer, activities that strengthen my discipline and teamwork. I also have an interest in board games and video games, which stimulate my strategic thinking and problem-solving. I am a fan of movies and TV series, especially from universes like Marvel and Star Wars. I also actively participate in my local church, where I develop personal values rooted in my faith in Jesus, which influences the way I act and relate to others.
